

MAYA RUIZ DÍAZ

Robotics Engineer| Automation Developer

+34 640 555 107 mayard1013@gmail.com www.linkedin.com/in/maya-ruiz

PROFILE

Engineering student motivated to apply my academic knowledge in a professional environment. Quick to pick up new programming languages and design tools, I'm looking for an internship where I can bring problem-solving skills, initiative, and commitment to the company's technology projects.

STRENGTHS

- Teamwork.
- Fast learner
- Effective communication.
- Core technical skills.
- Initiative and autonomy.

PROGRAMMING

C++

Matlab

HTML

LANGUAGES

- Spanish- Native.
- English- Fluent (B2).
- French - Basic Level.

SKILLS

Programming & Software: C++, MATLAB, Simulink, RobotStudio, HTML, Microsoft Office (Excel, Word, PowerPoint).

Robotics & Automation: Robot kinematics and control, PLC programming, computer vision, artificial intelligence.

Hardware & Design: CAD, VHDL.

EDUCATION

• UNIVERSITY STUDIES

SCHOOL OF INDUSTRIAL ENGINEERING, MALAGA: 2023 - Present

Degree in Electronic, Robotics and Mechatronics Engineering. In progress.

• BACCALAUREATE

IES SANTOS ISASA: 2021-2023

Technological Baccalaureate - Grade: 9.7/10.

PROJECTS - <https://github.com/mrdd13/CV>

• Industrial Robotic Arm Control & Programming (ABB IRB 120):

Commissioning, manual guiding, and trajectory programming of the real manipulator. Used RobotStudio to simulate the environment, optimize movements, and synchronize the arm.

• Freelance - AI Evaluator in STEM (Outlier):

Review, correction, and optimization of technical responses generated by different AI models in the STEM field. Comparison and evaluation of models to improve accuracy and logical reasoning.

• Web Application Development Integrated with AI (In progress):

Design and conceptualization of web platforms that connect user interfaces with AI APIs for task automation, intelligent image analysis, and personalization of everyday services.
